The Convention to select a Liberal Candidate at the forthcoming Federal Election takes place on May 27th, 8 p.m., at the Memorial Hall.

A long resident in East Edmonton, an active adherent of the principles of Liberalism, it is anticipated that Mayor K. A. Blatchford will be the choice of the East Edmonton Liberals to fight their battles at the polls.

Mayor K. A. Blatchford is a real old-time Westerner. He was born in Minnedosa, Manitoba, and has resided for the last 28 years in Edmonton. Throughout this period he has been actively associated with all matters of public interest, both city and rural.* Largely through Mayor Blatchford's foresight and persistence, the Western Grain Route has been definitely established, the result of which has led to important financial gain to the grain growers of Alberta.

THE CIVIC FINANCES.

It is good news for the express of the city that for foundation in the tax collections have mounted on the collection have mounted on the tax collections have mounted to more than the levies. Each year there has been a fraction of the current taxes which were not paid, but the arrears paid in plus the proceeds of tax sales brought the total receipts to more than the demand for the year.

There is nothing in the situation to warrant city hall is the first necessity. For a part of the receipts represent properly taken from taxpayers and sold because the holders could not pay the rates. But that the city is taking in more than it is spending is encouraging evidence that the process of readjustment and reconstruction is making headway.

Berlin was decked in the colors of the old regime when Hindenburg drove through streets lined by chearing thousands to the palace of the chanceller on the eve of his inauguration as Pre-sident of Germany.
